

Another MOTHER'S DAY is here; one in which women throughout the land soberly reflect:

what does it all mean . . .

MOTHER 1972

M stands for MUTILATED BODIES, MANGLED by impersonal MACHINES, waiting to be buried, while the MANIPULATED MASSES in our country talk of the wound-down war and look the other way:

M stands for the ODOR of rot and death which stalks Indochina, OFFENSIVE to every believer in the sanctity of life; OBSCENE.

M stands for TRUST . . . (completely eroded), for TRUTH (which our government willfully conceals) . . . for THIEU (symbol of corruption, despotism, and TRAGEDY endlessly compounded.)

M is for HELL . . . HYPOCRISY . . . HIDEOUS ATROCITIES . . . and HINDSIGHT.

M is for EVERYMAN (meaning female, too) who must cry out for the United States to withdraw ENTIRELY, unEQUIVOCALLY.

M is for REFUGEES roaming the land our bombs have devastated; it is for the REVULSION we feel; for the REFUSAL of CONGRESS to withhold the funds needed, and for RIGHT NOW . . . the moment that it all must end.

That is what MOTHER means in May 1972.
